Intercultural Education at Kiltimagh Youthreach

Youthreach Kiltimagh aims to offer young people opportunities to promote individualism and to encourage responsibility and respect for themselves and others. We aim to treat all students in the centre with respect and fairness.

Youthreach Kiltimagh will embrace and encourage intercultural education in a safe and holistic environment.

Intercultural education respects, celebrates and recognises normality of diversity in all parts of human life. It sensitises the learner to the idea that humans have naturally developed a range of different ways of life, customs, world views and that this breach of human life enriches all of us.

Through the delivery of programmes and specific subjects, including SPHE and Social Education and Leaving Certificate Applied level, intercultural education is prioritised in the centre on a daily basis. Youthreach Kiltimagh promotes equality and the values on which equality is built.

YOUTHREACH is funded by the Department of Education and Science and Enterprise Trade and Employment with the assistance of the European social fund
