Youthreach Kiltimagh Mobile Phones/Electronic Devices Policy

Mobile Phones/other Electronic Devices

To continue on the Youthreach programme in Kiltimagh from the 20th February 2023, phones and earphones/pods are not allowed in the classroom under Child Protection guidelines and GDPR guidelines. The phones and earphones/pods are not required to be used as classroom equipment and are a hindrance to health and safety and to the learning environment. The use of phones/earphones/pods are already prohibited for use in the centre in line with the code of conduct that was signed at the beginning of the academic year.
